Mr Frank Lloyd Wright,
Architect,
La Jolla, Cal.

Dear Mr. Wright:

After inquiry at the F. W. Dodge Corporation, New York, I found out your present address and I hope you will excuse me for writing to you.

I am an architectural draftsman and a native of Germany. In Germany I heard of you and saw work of yours in architectural magazines and books.

I have always read your articles with great enthusiasm and considered your wonderful work with a deep longing to have someday the opportunity to work for an architect who creates things like you do!

And now I kindly ask you

whether it would be possible for you to give me a position as a draftsman in your office.

I am twenty-three years old. I graduated from the "Staatliche Bauerschule" of Cologne. After graduating I worked for two years in the office of Mr. Wilhelm Fähler Architect B.D.A., D.W.B., Köln-Rippweg, Am Neuenhof. If you want I can send for your inspection drawings and sketches which I made under the supervision of Architect Fähler.

I intend to go back to Germany in about a year from now to take up studying again at the "Staatliche Bauhochschule Weimar" established 1926 under the leading of Prof. Otto Bartning, a wellknown German architect of the present style.

Hoping to hear from you at an early date, I beg to remain
Yours very truly,
Heinrich Klumb.
